

# Horses with HEART

... where disabilities become possibilities

## HwH Our Mission

Our Mission is "to provide a safe and enjoyable equine experience for people with physical, mental and emotional disabilities and encouraging each rider to develop independent skills at their own level of ability."

HwH . . . the place where disabilities become possibilities. These possibilities include an autistic child unclenching his fist for the first time in order to pet his horse; a paraplegic who is finally able to hoist herself onto a horse; and a non-verbal child talking for the first time - giving his horse the command to "walk-on". These are profound moments all caused by the therapeutic relationship between the horse and rider.

## 2015 Special Olympics World Games

**HwH Rider Jeremiah Schedlock selected for U.S. Special Olympics Equestrian Team**

**1 of 10 Riders Representing the United States**

**Please Assist us in Funding HwH World Games Participation**

### Jeremiah's Story . . . . .

Jeremiah came to Horses with Heart as very shy, quiet 11 year old, hiding behind his Grandmother who brought him to ride. As with most children on the Autism Spectrum, his time spent with horses has provided very positive outcomes. Today, at 23 with the assistance of ongoing EAAT (Equine Assisted Activities and Therapies) at Horses with Heart he has matured into a very independent and capable young man, who is charming, polite, and artistically creative. Jeremiah and his Mom currently reside in Prescott having lived for much of his youth in Prescott Valley where he graduated from Bradshaw Mountain High School.

The Games are scheduled for 25th July to 2nd August 2015 LA 2015 will mark the first World Summer Games held in the U.S. in 16 years.

Special Olympics World Games -- and all of the 80,000 Special Olympics competitions that occur every year--invite the public to see the talents and capabilities of people with intellectual disabilities.
