

Horses with HEART

... where disabilities become possibilities

HwH Our Mission

Our Mission is "to provide a safe and enjoyable equine experience for people with physical, mental and emotional disabilities and encouraging each rider to develop independent skills at their own level of ability."

HwH . . . the place where "disabilities become possibilities." These possibilities include an autistic child unclenching his fist for the first time in order to pet his horse; a paraplegic who is finally able to hoist herself onto a horse; and a non-verbal child talking for the first time - giving his horse the command to "walk-on". These are profound moments all caused by the therapeutic relationship between the horse and rider.

2014 Educational Series at the HwH Ranch, The Gateway to Chino Valley

A series of six classes (the first was in February) designed for the "soon to be" horse enthusiast or the novice, but all are welcome to learn more and enhance their knowledge. You may take all the classes, just one or pick those that interest you most.

Classes presented by HwH Certified Instructors, PATH Intl. 2013 Veterinarian of the Year and AZ Equine Industry Professionals. All sessions include both classroom and demonstration/participation activities in the arena and barn areas. Please dress accordingly.

| | | |
